We may provide links to third-party websites for the convenience of our users. If you access those links, you will leave our website. We have no control over these third-party websites and cannot represent that their policies and practices will be consistent with our Privacy Policy. Types of Information We Collect

Non-Personal Information

Non-personal information is data about usage and service operation that is not directly associated with a specific person's identity. We may collect and analyse non-personal information to evaluate how visitors use our website.

Aggregate Information

The Operators may gather aggregate information, which refers to information your computer automatically provides to us and that cannot be tied back to you as a specific individual. Examples include referral data (the websites you visited just before and just after our site), the pages viewed, time spent at our Website, and Internet Protocol (IP) addresses. An IP address is a number that is automatically assigned to your computer whenever you access the Internet. For example, when you request a page from one of our sites, our servers may log your IP address to create aggregate reports on user demographics and traffic patterns and for purposes of system administration.

Cookies

Our site may use a feature of your browser to set a "cookie" on your computer. Cookies are small packets of information that a website stores on your computer. Our website can then read the cookies whenever you visit our website. Typical uses of cookies include saving passwords so you don't have to re-enter it each time you visit a website, delivering content specific to your interests or to track the pages you've visited. We do not use cookies to collect any personal data and any non-personal information we do collect is not shared with any third parties.

Most browser software can be set up to deal with cookies. You may modify your browser preference to provide you with choices relating to cookies. You have the choice to accept all cookies, to be notified when a cookie is set or to reject all cookies. If you choose to reject cookies, certain of the functions of our website may not work properly. Most browsers offer instructions on how to reset the browser to reject cookies in the "Help" section of the toolbar. We do not link non-personal information from cookies to personally identifiable information.

Personal Information

Personal information is information that is associated with your name or personal identity. We may use personal information to better understand your needs and to provide you with a better service. On some of our web pages, you may be able to request information, subscribe to mailing lists or provide feedback. The types of personal information you provide to us on these pages may include name, address, phone number or e-mail address. We do not share this information with any third parties.

How We Use Your Information

We may use non-personal data that is aggregated for reporting about our website usability, performance, and effectiveness. It may be used to improve the experience, usability, and content of the site.

We may use personal information to contact you where you have specifically made an enquiry on our website.

Information Sharing

We do not sell, rent, or lease any individual's personal information or lists of email addresses to anyone for marketing or any other purpose, and we take commercially reasonable steps to maintain the security of this information.

However, we reserve the right to supply any such information to any organization with which we may merge commercially in the future. We also reserve the right to release personal information to protect our systems or business, when we reasonably believe you to be in violation of our Terms of Use or if we reasonably believe you to have initiated or participated in any illegal activity. In addition, please be aware that in certain circumstances, we may be obligated to release your personal information pursuant to judicial or other government subpoenas, warrants, or other orders.

Security

We make every effort to protect personal information by users of the website, including using firewalls and other security measures on the website's servers. No server, however, is 100% secure, and you should take this into account when submitting personal or confidential information about yourself on any website, including this one. The Operators assume no liability for the interception, alteration, or misuse of information you provide. You alone are responsible for maintaining the secrecy of your personal information. Please use care when accessing this website and providing personal information.
